The eight-sided design of the Rebound 20 offers excellent trampoline-like bounce that is easier to set-up and maintain compared to trampolines with metal frames and springs. Made of RF welded Duratex and #316 stainless steel welded ring plates, this product comes complete with a Swimstep access platform and heavy duty molded boarding and transport handles. The Rebound 20 is an excellent alternative to a trampoline.

Mooring Diagram

* We recommend using Aquaglide mooring lines and weight recommendations as a starting point. It is the responsibility of the owner/operator to consider the needs of their specific site, to monitor aquapark items, and to make adjustments as necessary. Some circumstances may require additional weight or different types of mooring.
